ABOUT ME

Full Stack Developer with 3+ years of experience in the IT industry and hands-on expertise in building scalable web and mobile applications using modern frameworks like Angular, Ionic, Codeigniter, Django, and React. Demonstrates a solid understanding of the software development life cycle and strong capabilities in both frontend and backend development. Participated in or completed over 55 real-time projects across various domains. Recognized for delivering secure, high-performance applications and leading development teams toward timely, successful project completion.

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, Bootstrap, JavaScript, TypeScript, Angular, React, etc.
- **Backend:** PHP (CodeIgniter), Python (Django), Node.js, Express.js, etc.
- **Databases:** MySQL, SQLite, etc.
- **Other:** REST API Integration, Mobile App Development, Responsive Design, Scalable Web Applications, Project Hosting, Payment Gateway Integration, SMS Gateway Integration, AI Integration, Version Control (Git), JWT Authentication, Third-Party API Integration, Firebase Integration, Push Notifications, SQLite Local Storage, etc.

WORK EXPERIENCE

A2Z IT HUB PVT LTD (Software Developer & Team Lead) – Nashik, Maharashtra

Aug/2023 – Present

- Spearheaded the development of scalable web and hybrid mobile applications using Angular and Ionic.
- Supervised a team of junior developers by assigning tasks, conducting code reviews, and enforcing coding standards.
- Engaged directly with clients to gather business requirements and ensure timely delivery of secure, optimized applications.
- Administered deployment processes and managed hosting services (GoDaddy/Hostgator), utilizing Git for version control.
- Delivered multiple enterprise-grade solutions, including modules aligned with government-level security compliance.

Ratsan The One Stop IT Solutions (Jr. Software Developer) – Remote/Maharashtra

Oct/2022 – Aug/2023

- Contributed to the full-stack development of web applications using React and PHP (CodeIgniter).
- Partnered with interns and collaborated with remote teams to implement key business functionalities.
- Engineered modular system components to ensure code scalability and maintainability.
- Executed unit and integration testing; deployed stable and production-ready modules.

A2Z IT HUB PVT LTD (Intern Software Developer) – Ahilyanagar, Maharashtra

Feb/2022 – Oct/2022

- Assisted in building responsive web interfaces using HTML, CSS, Bootstrap, and JavaScript.
- Supported backend logic and API implementation using Angular, Django, and CodeIgniter.
- Integrated RESTful APIs and managed MySQL and SQLite databases to streamline data operations.
- Participated in debugging, documenting, and deploying live applications under senior developer supervision.
